14.0 Notices of Motion

14:00

Cllr. L. Quinn

1. That this council clarifies the process for adjudicating planning applications for rural houses where high voltage electricity cables (connecting renewable energy projects to ESB substations) are installed under the public roadway in tandem with a public water supply or GWS. Will applicants be conditioned to join the public water network/GWS where this connection would mean crossing these cables.

2. That this council write to the Minister for the Environment to seek clarification on the Departments plans to deal with roadside trees affected by Ash Dieback Disease. Will a fund be made available to local Authorities and landowners to carry out the necessary felling where it is required?

Cllr. T. McCormack

1. "As our nation is in the middle of a housing crisis, with the support of all the councilors, I would like Offaly County Council, to write to the Minister for Housing, Darragh O'Brien T.D. and ask for emergency legislation to be brought in to allow local authorities to build emergency housing units in their areas and that these units would be funded by his department"

2. That Offaly County Council, write to the Minister for Justice Helen McEntee T.D. and invite her to our chamber to discuss the anti-social behavior, violence, theft and overall law and order in our area and in every town and village in the country"
