DECLARATION UNDER SECTION 5 OF THE
PLANNING & DEVELOPMENT ACT 2000, AS AMENDED

REFERENCE: DEC 24/82

NAME OF APPLICANT: Sandra Dunne

ADDRESS FOR CORRESPONDENCE: C/O Midland Warmer Homes, Curraghboy, Athlone, Co. Roscommon, N37 K102.

NATURE OF APPLICATION: Request for Declaration Under Section 5 of the Planning & Development Act 2000, as amended as to whether or not the proposed installation of external wall insulation to an existing dwelling is or is not development and is or is not exempted development.

LOCATION OF DEVELOPMENT: 13 Presentation Drive, Birr, Co. Offaly, R42 R628.

WHEREAS a question has arisen as to whether the proposed installation of external wall insulation to an existing dwelling is or is not development and is or is not exempted development at 13 Presentation Drive, Birr, Co. Offaly, R42 R628.

AS INDICATED on the particulars received by the Planning Authority on the 24th July 2024.

AND WHEREAS Sandra Dunne c/o Midland Warmer Homes, Curraghboy, Athlone, Co. Roscommon, N37 K102 has requested a declaration on the said question from Offaly County Council.

AND WHEREAS Offaly County Council, in considering this declaration request, had regard particularly to:

- (a) Section 2, 3(1) and 4(1)(h) of the Planning & Development Act 2000, as amended.

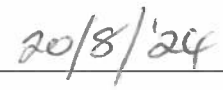

AND WHEREAS Offaly County Council has concluded that the proposed works is development and is exempted development.

NOW THEREFORE Offaly County Council, in exercise of the powers conferred on it by Section 5(2)(a) of the Planning and Development Act 2000 (as amended), hereby decides that the proposed installation of external wall insulation to an existing dwelling is **development** and is **exempted development** at 13 Presentation Drive, Birr, Co. Offaly, R42 R628.

MATTERS CONSIDERED In making its decision, the Planning Authority had regard to those matters to which, by virtue of the Planning and Development Acts and Regulations made thereunder, it was required to have regard. Such matters included any submissions and observations received by it in accordance with statutory provisions.

Question:	<i>Whether or not the proposed installation of external wall insulation to an existing dwelling is or is not development and is or is not exempted development</i>
Applicant:	<i>Sandra Dunne</i>
Correspondence Address:	<i>c/o Midland Warmer Homes, Curraghboy, Athlone, Co. Roscommon, N37 K102</i>
Location:	<i>13 Presentation Drive, Birr, Co. Offaly, R42 R628</i>

1. Introduction

The question has arisen as to whether the installation of external wall insulation to an existing dwelling at 13 Presentation Drive, Birr, Co. Offaly, R42 R628 is or is not development and is or is not exempted development.

2. Background

The dwelling is located within Birr Town and is located approximately 600m north east of the town centre. Under the Birr Local Area Plan 2023 – 2029, the subject site is zoned as Existing Residential. The Area Planner visited the site in August 2024.

Figure 1 - Subject Site Location (as indicated by black dot).

Photo 1 – Subject site (to the right).

3. Site History

On Site – No recent planning history associated with the subject site.

Enforcement – No recent history associated with the subject site.

Adjoining Lands - No recent planning history associated with the adjoining lands.

4. Legislative Context

In order to assess whether or not the proposed works constitute exempted development, regard must be had to the following items of legislation:

Statutory Provisions

Section 2 (1) Planning and Development Act 2000, as amended, states as follows:

“house” means a building or part of a building which is being or has been occupied as a dwelling or was provided for use as a dwelling but has not been occupied, and where appropriate, includes a building which was designed for use as 2 or more dwellings or a flat, an apartment or other dwelling within such a building;

“works” includes any act or operation of construction, excavation, demolition, extension, alteration, repair or renewal and, in relation to a protected structure or proposed protected structure, includes any act or operation involving the application or removal of plaster, paint, wallpaper, tiles or other material to or from the surfaces of the interior or exterior of a structure.

Section 3 (1) Planning and Development Act 2000, as amended, defines development.

“development” means, except where the context otherwise requires, the carrying out of any works on, in, over or under land or the making of any material change in the use of any structures or other land.

Section 4 - Exempted Development

Section 4 (1) (a) – (l) sets out what is exempted development for the purposes of this Act including:

- (h) *development consisting of the carrying out of works for the maintenance, improvement or other alteration of any structure, being works which affect only the interior of the structure and which do not materially affect the external appearance of the structure so as to render the appearance inconsistent with the character of the structure or neighbouring structures.*

5. Proposal by Applicants

The Applicant has advised that the proposed works will include the application of external wall insulation. They note that other dwellings within the surrounding area have applied similar external wall insulation.

6. Evaluation

Question: Whether the proposed works (as listed) to the existing dwelling are development and if so, are they exempted development?

In considering the proposed works against the definitions of 'development' and 'works' as provided in the Act, it is the view of the Planning Authority that the proposed works are deemed as development as it includes refurbishments to the existing dwelling.

Question: Is this proposal considered as Exempted Development?

With regard to the proposed works which are described in the submitted documents, the Planning Authority are satisfied that the proposed works would not result in a material alteration to the appearance of the dwelling and would not be inconsistent with the character of area.

The refurbishments proposed by the applicant are harmonious with Section 4 1 (h) of the Planning and Development Act 2000 (as amended). It is the opinion of the Planning Authority that these works meet the criteria of exempt development under statutory provisions.

7. Appropriate Assessment & Screening

A screening exercise for an appropriate assessment has been carried out and it has been deemed that the development is unlikely to have significant effects on any European sites. Please see attached report.

Regional Impacts: The development subject of this application is not contrary to the RSES and so it was not referred to the Eastern and Midland Regional Assembly.

It is considered that the proposed development does not constitute a development listed in Schedule 5 of the Planning and Development Regulations 2001, as amended. Furthermore, it is not a sub-threshold development. Accordingly, an EIA is not required.

8. Conclusion

It is recommended that the Applicant be advised that the proposed development is **development and is exempted development.**

Declaration on Development and Exempted Development

Section 5 of the Planning and Development Act 2000 (as amended)

WHEREAS a question has arisen as to whether the proposed installation of external wall insulation to an existing dwelling is or is not development and is or is not exempted development at 13 Presentation Drive, Birr, Co. Offaly, R42 R628.

AS INDICATED on the particulars received by the Planning Authority on the 24th July 2024.

AND WHEREAS Sandra Dunne c/o Midland Warmer Homes, Curraghboy, Athlone, Co. Roscommon, N37 K102 has requested a declaration on the said question from Offaly County Council.

AND WHEREAS Offaly County Council, in considering this declaration request, had regard particularly to:

(a) Section 2, 3(1) and 4(1)(h) of the Planning & Development Act 2000, as amended.

AND WHEREAS Offaly County Council has concluded that the proposed works is development and is exempted development.

NOW THEREFORE Offaly County Council, in exercise of the powers conferred on it by Section 5(2)(a) of the Planning and Development Act 2000 (as amended), hereby decides that:

- The proposed installation of external wall insulation to an existing dwelling is **development and is exempted development** at 13 Presentation Drive, Birr, Co. Offaly, R42 R628.

Please note that any person issued with a declaration under subsection 2(a) of the Planning and Development Act 2000 (as amended) may on payment to the Board of the prescribed fee, refer a declaration to An Bord Pleanála within 4 weeks of the issuing of the decision.

APPENDIX A

**APPROPRIATE ASSESSMENT SCREENING
REPORT FOR PLANNING APPLICATIONS**

Screening is used to determine if an AA is necessary by examining:

- If the plan / project is directly connected with / necessary to the management of the European site.
- If the effects will be significant on a European site in view of its conservation objectives, either alone / in combination with other plans / projects.

(D) ASSESSMENT OF LIKELY SIGNIFICANT EFFECTS:	
(The purpose of this is to identify if the effect(s) identified could be significant – if uncertain assume the effect(s) are significant).	
If the answer is 'yes' to any of the questions below, then the effect is significant. (Please justify your answer. 'Yes' / 'No' alone is insufficient)	
Would there be...	
... any impact on an Annex 1 habitat? (Annex 1 habitats are listed in Appendix 1 of AA Guidance).	Not likely due to the location and type of development. The site is sufficient distance from the European site.
... a reduction in habitat area on a European site?	There will be no reduction in the habitat area. The site is sufficient distance from the European site.
... direct / indirect damage to the physical quality of the environment (e.g. water quality and supply, soil compaction) in the European site?	Not likely due to the location and type of development The site is sufficient distance from the European site.
... serious / ongoing disturbance to species / habitats for which the European site is selected (e.g. because of increased noise, illumination and human activity)?	Not likely due to the location and type of development The site is sufficient distance from the European site.
... direct / indirect damage to the size, characteristics or reproductive ability of populations on the European site?	None likely due to the location and type of development. The site is sufficient distance from the European site.
Would the project interfere with mitigation measures put in place for other plans / projects. [Look at <i>in-combination effects</i> with completed, approved but not completed, and proposed plans / projects. Look at projects / plans within and adjacent to European sites and identify them]. Simply stating that there are no cumulative impacts' is insufficient.	No other plans known of in the vicinity of the site. The site is sufficient distance from the European site.
(E) SCREENING CONCLUSION:	
Screening can result in:	
1.	<i>AA is not required</i> because the project is directly connected with / necessary to the nature conservation management of the site.
2.	<i>No potential for significant effects / AA is not required.</i>
3.	<i>Significant effects are certain, likely or uncertain.</i> (In this situation seek a Natura Impact Statement from the applicant, or reject the project. Reject if too potentially damaging / inappropriate.
Therefore, does the project fall into category 1, 2 or 3 above?	Category 2
Justify why it falls into relevant category above:	There would be no likely significant impact on the European site from the proposed development due to the scale of the proposed development and the separation distance between the subject site and European Site.
