

## Brosna Sráid Plan

### Settlement Description

**Settlement Context:** Brosna is located at the junction between Local Primary Routes LP4011 and LP4009, approximately 3km east of Shinrone and 12km south of Birr. The centre point of this Sráid consists of a very traditional street type arrangement located at the T-Junction. A pump with well-maintained flower beds is located close to the T-junction and a bespoke iron bench with the name of the Sráid is a distinctive landmark.

**Waste Water Treatment:** Individual effluent treatment systems.

**Water Supply:** Public mains.

**Broadband:** High speed broadband is available.

### Settlement Objectives

#### General Objectives

##### Infrastructure and Public Realm

- GO1 Improvement of the existing road network.
- GO2 Provision of public lighting and footpaths.
- GO3 Public realm enhancement works.
- GO4 Provide/enhance gateway features on the approaches to the Sráid.
- GO5 Promote the Sráid as a potential stop-off destination as part of a future greenway on the former Birr to Roscrea railway line.

##### Development and Design

- GO6 The rural setting of Brosna shall be retained and enhanced, in accordance with appropriately designed and sensitive development.
- GO7 The conservation and integration into new development of existing stone walls, trees and native hedgerows.
- GO8 Facilitate and encourage redevelopment and reuse of vacant and derelict buildings.

##### Specific Objectives (refer to map)

- SO1 Examine possible measures to enhance road safety at the T-junction within the Sráid.
- SO2 Mature trees along the road boundary to be preserved as part of any development.
