

To:
Forward
Section,

5/10/2020.

To whom it may concern,
I read with interest the
Offaly Draft Development Plan.
My main concern in its
regard is that you state
you wish "to promote Offaly,
as a place to visit and stay,
and you wish to make the
towns and villages "more
attractive".

I am hoping that
in pursuing these worthy
aims you will take a
look at the Marina
area here in Banagher.
The harbour is lovely but
much of the Marina area
needs attention. (1) The

litter problem^{to} is bad. Bins are inadequate and need letter-box openings to prevent birds accessing the litter and spreading it around. The bins are not emptied often enough.

(2) The road down behind Silver Mine and Carrickcraff needs to be more physically enhanced by planting or other means. The railings (concrete ones) at Carrickcraff are broken and ugly for nearly two years. I look forward to some action.

Thank you
Aideen Madden (Wes)
