

1. That lands situated at Fr Paul Murphy St Folio No 4969F be zoned for the future housing needs of Edenderry. This situation for further housing would prevent any further sprawl of the town and ensure future housing is contained within the existing outer boundaries. 2. That lands be acquired to link, by a new road, Fr Paul Murphy St with the Dublin Rd (c. Boyne Meadows) to avoid all traffic from two recently built housing estates at Derrycorris using Fr Paul Murphy St for access to Dublin Rd. Fr Paul Murphy St is currently hopelessly inadequate to deal with current traffic volumes. 3. That speed limit signs, speed ramps be installed on Fr Paul Murphy St. 4. That fields currently owned by Offaly County Council in front of Scoil Brid/Gaelscoil be developed and used as carparks/pick up areas for both schools. The current situation with traffic in this area is horrendous and very likely to lead to injury to children.
