

28.2.22.

Dear Sir/ Madam,

I enclose maps of land near Portarlington which I wish to have zoned for residential development.

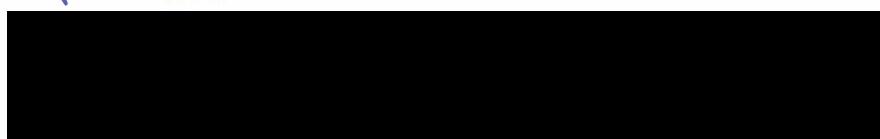

As is clear from the map this land is beside land which is already developed and has easy access to all services including water ,sewage and electricity.

There are 3 hectares in this piece of land in Co. Offaly while the rest of the field 1.3 hectares is in Co. Laois.

This is an ideal location for housing and should be seriously considered when Zoning is being carried out later this year.

Yours Sincerely,

Paul Mitchell

The registry operates a non-conclusive boundary system. The Registry Map identifies properties not boundaries meaning neither the description of land in a register nor its identification by reference to a registry map is conclusive as to the boundaries or extent. (see Section 85 of the Registration of Title Act, 1964). As inserted by Section 62 of the Registration of Deed and Title Act 2006.
